### Description

One of the more famous and most scenic routes is the Manly Scenic Walkway, opened in 1988. Encompassing panoramic views of the majestic entrance to Sydney Harbour and swathes of bushland, walkers are able to contrast the old and new Australia as they pass by modern harbour side suburbs juxtaposed with Aboriginal sites, native coastal heath and pockets of sub-tropical rainforest. The Manly Scenic Walkway is comprised of a number of connecting walks, with walking grades to suit everyone.

The walkway passes through Sydney Harbour National Park, Council bushland reserves, local harbour-side streets and paved paths. One of the better known walks is Manly to Spit Bridge, a 10km walk that takes approx. 3 to 4 hours to complete and offers spectacular views of the entrance to the harbour and over to the city. The walkway is well signposted with a number of entry points and information boards along the length of the track. A recent addition to the walkway is a 9.5km North Head circuit track which also takes approximately

A recent addition to the walkway is a 9.5km North Head circuit track which also takes approximately 3 to 4 hours to complete. Commencing and finishing at Manly Wharf, this newer section allows visitors to experience the natural beauty and history of North Head via Shelly Beach, Spring Cove, and Little Manly Reserve.
